

Aluminium Shutter

Aluminium shutters are a perfect solution to enhance your living areas to seamlessly blend your indoor and outdoor spaces. Combining core elements of design, strength and flexibility, aluminium shutters enable alfresco living all year round. By providing the right mix of light, airflow and temperature control, this opening solution allows you to maximise your lifestyle and enhance the aesthetic nature of your home.

Special features of Aluminium Shutters include:

- Unique rack and pinion mechanism provides smooth consistent operation in all conditions over many years
- 3 metre high panels suit a wider range of applications
- Blade pitch control is smooth and can be adjusted to achieve the perfect position without compromise to offer control and protection from the elements
- Suitable for internal and external applications
