

Roman Blinds

Roman Blinds gently concertina up and down your window. Modern Romans are made from a soft roller blind fabric and make a feature of the battens. They are most suited to windows, rather than sliding doors. Romans are a softer style of blind that bridges the gap between roller blinds and curtains.

Special features of our Roman Blinds include:

- Aluminium top tracks
- Velcro fabric removal for ease of cleaning
- Range of light filtering and privacy fabrics
- Chain or cord control
- Batten Spacing: First batten is always 290mm from the top, with all others 200mm, with the balance taken up by the last panel
- Pattern matching is not available
